### SKILLS

- Web development projects
- Interface design Thinking
- PHP
- JavaScript
- HTML5, CSS
- tailwindcss, bootstrap
- reactjs
- Databases: MySQL
- Version Control: Git
- Figma
- Canva

### LANGUAGES

- English (Fluent)
- Malayalam (Fluent)
- Tamil

### PROFILE

Highly motivated and results-oriented Web Developer and web design with 2 year of professional experience in developing and maintaining dynamic web applications using PHP, Laravel, and modern front-end technologies. Proven ability to deliver high-quality, user-friendly web solutions while effectively collaborating within agile development environments. Eager to contribute to innovative projects and continuously expand my technical expertise.

### WORK EXPERIENCE

**Legere Technologies Pvt Ltd** DECEMBER 2023 - PRESENT  
WEB DEVELOPER AND WEB DESIGNER

#### Front-End Development:

- Developed responsive and interactive front-end components using HTML, CSS, JavaScript, and React.js.
- Conducted cross-browser and device testing to ensure consistent user experience.
- Resolved platform and browser compatibility issues to maintain performance across different environments.

#### React.js & UI Integration:

- Built dynamic, component-based web interfaces using React.js, focusing on performance, maintainability, and scalability.
- Integrated Figma UI designs into pixel-perfect React.js code, ensuring visual consistency with design prototypes.
- Utilized state management tools and reusable components to optimize development efficiency.

#### Back-End Development:

- Developed and maintained dynamic websites and applications using PHP and Laravel, focusing on high performance, secure operations, and responsiveness.
- Designed and implemented to dynamic Code

#### Web Design & User Experience (UX):

- Designed responsive and user-centered layouts using HTML5, CSS3, and modern UI/UX principles.
- Developed websites, portals, and large-scale web applications tailored to diverse business needs.
- Redesigned and modernized existing websites to improve visual appeal and enhance user navigation.
